Below we have gathered together a variety of videos, brochures, case studies and other items that you can use when developing education programs or activities on a wide range of compliance topics. These materials have been arranged by topic to help you find what you need.

If you have some materials that you would like to share with us, please follow our [general sharing instructions](#) and ensure that you have the necessary permissions from your company before sending your materials to us (see the instructions).

Interactions with HCPs

[Case study](#) developed by IFPMA in the context of IFPMA Code Compliance Workshop on meetings, sponsorship and fees for service. It covers different concrete situations when interacting with HCPs. It is recommended for use with multidisciplinary teams (marketing, sales, medical, compliance...)
