

Values-based versus rules-based approaches to Business Ethics

Pr. Dr. Alain Anquetil

ESSCA School of Management & Science, Norms, Decision (Paris-Sorbonne University & CNRS - FRE 3593).

Contents

- 1. Ethics versus compliance: An overview**
- 2. The function of the distinction between a values-based ethics and a rules-based ethics**
- 3. Some conclusive arguments in favor of a rules-based approach**

1. Ethics versus compliance: An overview

1.1 Conditions of an effective compliance to rules

1.2 A rather negative prejudice toward systems of rules

**1.3 Compliance and values-oriented programs in
Business Ethics**

2. The function of the distinction

2.1 A values-centered ethics coherent with agency

2.2 A connection of rules-based ethics with socialization

2.3 The importance of corporate culture

2.4 Values are worthwhile in themselves

2.5 Different levels of moral reasoning

3. Some conclusive arguments in favor of a rules-based approach

3.1 Rules might be prior to values

3.2 The following of rules relates to “reasonableness”

3.3 Rules have a special relationship with reality

3.4 Rules influence the moral development of managers
